***We Need Your Help. Please Act Now!***

Rhode Island Community Health Centers provide essential care to more than 200,000 Rhode Islanders. But now we need your support. Protect Medicaid and the 340B Program to ensure Community Health Centers continue serving Rhode Island children and families. Without this approved legislation, Rhode Islanders will find it even harder to access the care they need. Impacts to health centers will threaten the state's overall healthcare system and will disrupt healthcare access for thousands. Visit [#saveourhealthcenters.org](http://#saveourhealthcenters.org) to take action.

***We are currently accepting new patients***

*We offer a comprehensive range of services designed to meet the diverse needs of our patients, ensuring an integrated approach to high-quality care. We invite you to visit our website for detailed information on how you can become a patient and take advantage of the various services we provide.
