Are your children ready for school?

As we gear up for another exciting school year, it's the perfect time to ask ourselves: Are our children truly ready for school? At BVCHC, we believe that a strong foundation in health and well-being is just as important as the school supplies on their list. With our commitment to providing accessible and affordable healthcare services, we're here to ensure that your little ones are not only ready to hit the books but also ready to thrive!

Making sure that your child sees their doctor for well-child visits and recommended vaccines is one of the best things you can do to protect your children. For a schedule outlining the vaccines recommended by age group, click the appropriate age group for more details.
