BVCHC Patient Experience & Brand Sentiment Survey

Blackstone Valley Community Health Care is exploring ways to improve how we serve you and how we represent ourselves as a community health provider. Your voice matters. Your answers will help shape BVCHC's future. There are no right or wrong answers. To begin this brief survey, [click here](#)

42 Park Place has officially reopened its doors

The center now provides a full range of services, including both primary care and behavioral health support. This marks an important milestone as we expand access to primary care services at a time when Rhode Island continues to face challenges in meeting patient demand.

Meet the Providers at 42 Park Place

Peer Support Hub

Offering a range of no cost, facilitated groups to support families through pregnancy, postpartum, lactation, and perinatal loss. Each group provides a warm, inclusive space to connect with others and share experiences. Groups are facilitated by community doulas, lactation counselors and community health workers.

All are welcome. To learn more, [click here](#)

Reminders

Flu & Covid vaccines are available.

Receiving a vaccine is one the best way to reduce your risk of getting sick and to help protect those around you.

*Ask your provider during your next visit or call us today at **(401) 312-9831** to schedule your appointment.*

Got a cold? We know what to do!

Avoid the chaos of emergency rooms and walk-in with no appointment!
